– Introduction of Advanced Refraction Technology “ZEISS VISUCORE 500”  
at Abate Eye Hospital**

Dear Sir / Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with Schedule III – Part A – Para B (7), we wish to inform you that Abate AS Industries Ltd, in the Abate EYE Hospital, through its healthcare subsidiary M/s Prudential Management Services Private Limited has introduced for the first time in Kerala the state-of-the-art ZEISS VISUCORE 500 technology from Germany.

The ZEISS VISUCORE 500 is a next-generation refraction system that combines objective and subjective refraction in a single, compact workflow unit, enabling accurate and rapid vision assessment while optimizing space and efficiency. This installation marks a major technological advancement in precision vision-care and supports Abate’s vision to deliver world-class eye care with ethical excellence.

**Key Highlights:**

- First ZEISS VISUCORE 500 installation in Kerala – a pioneering step in refraction technology.
- Integrates automated and manual refraction for enhanced accuracy and speed of eye testing.
- Compact and space-efficient design, ideal for modern eye-care environments.
- Guided Mode functionality allows even junior staff to perform refraction with confidence and consistency.

- Improves patient experience through shorter testing time and more precise prescriptions.
- Empowers optometry students and young practitioners with exposure to advanced German technology.
- Direct benefit to the people: Patients in Kerala can now access world-class refraction accuracy and personalized vision solutions locally, without having to travel to metropolitan cities.

This initiative is a part of the Company's continuous efforts to bring advanced diagnostic and treatment technologies to the region under its core philosophy of "Advance and Ethical."

Kindly take the same on record.

Thanking you,

Yours faithfully,

**For ABATE AS INDUSTRIES LIMITED**
